

CURRICULUM VITAE

Name: George E. Maloney, D.M.D., M.Ac.
Office Phone 508-752-1007
Office Fax 508-753-3938
E-mail Address - Gemaloney @ aol.com

Present Position: Professor
2006-present Department of General Dentistry
 Head, Physical Medicine Section
 The Craniofacial Pain Center
 Tufts University, School of Dental Medicine

Education

Fellow, American Board of Orofacial Pain, 2006
19 Mantua Road
Mt. Royal, NJ 08061

Master of Acupuncture, 2002
Chinese and Japanese Acupuncture
New England School of Acupuncture
Watertown, MA

Certification in Medical Acupuncture, 1998
UCLA
School of Medicine
Los Angeles, CA

Board Certification in Orofacial Pain, 1995
Diplomate, American Board of Orofacial Pain
19 Mantua Road
Mt. Royal, NJ 08061

Program in Temporomandibular Disorder and Orofacial Pain, 1990
Craniofacial Pain Center
Tufts University, School of Dental Medicine

General Practice Residency, 1981
University of Massachusetts Medical Center
City Campus
Worcester, MA

Doctor of Dental Medicine, 1981
University of Pennsylvania
Philadelphia, PA

Bachelor of Science, 1977
Biology
University of Massachusetts at Amherst
Magna cum laude
Phi Beta Kappa

Licensure: 1981 Massachusetts Dental License, Reg.# 14984

Academic Appointments

2001- 2006 Assistant Clinical Professor
Department of General Dentistry
The Craniofacial Pain Center
Tufts University, School of Dental Medicine

1991-2001 Instructor, Department of General Dentistry
The Craniofacial Pain Center
Tufts University, School of Dental Medicine

Major Committees

American Academy of Orofacial Pain
Massachusetts Dental Society
Worcester District Dental Society

Committee Member
Education Committee
2009- present
American Academy of Orofacial Pain

Committee Member
Written Examination Committee
2008-present
Board of Orofacial Pain

Committee Member
Liaison Committee to Dental Auxiliaries
Worcester District Dental Society
2001-present

Committee Member
External Relations Committee
2009-2011
American Academy of Orofacial Pain

Committee Member
Long Range Strategic Committee
2005-2009
American Academy of Orofacial Pain

Committee Chair
Subcommittee on Legislation
2004-2009
American Academy of Orofacial Pain

Professional Appointments

Council Member
Council on Dental Practice
Massachusetts Dental Society
2003-present

Chairman
Worcester District Dental Society
2008-2010

Vice Chair
Worcester District Dental Society
2006-2008

Former Chair
Special Interest Section
TMD, Cervical Spinal and Orofacial Pain
2000-2004
American Headache Society

Former President
1995-2003
Tufts Orofacial Pain Society

Memberships

American Pain Society
American Headache Society
Boston Pain Forum
International Headache Society
Headache Collaborative of New England
New England Pain Association
American Dental Society

Professional Experience and Private Practice

Assistant Clinical Professor, 2001- 2010
The Craniofacial Pain Center
Tufts University, School of Dental Medicine

Instructor, 1991-2001
The Craniofacial Pain Center
Tufts University, School of Dental Medicine

Dental Director, 1982-1991
Community Health Center, Dental Health Clinic
Family Health Center
Worcester, MA

Private Practice, 1982- present
Orofacial Pain Management
334 Highland Street
Worcester, MA

Dental Affiliations

Massachusetts Dental Society
Worcester District Dental Society

Awards

Selected as a Champion of Evidenced-based Dentistry, 2009
American Dental Society
Chicago, IL

Trustees' Citizen's Award, 2007
Quinsigamond Community College
Worcester, Massachusetts

Professional Interests

At the present time, Dr. Maloney is exploring methods of more accurately making a differential diagnosis of facial pain. This may allow for more effective patient treatment, both pharmacological and non-pharmacological. The use of more specifically targeted treatment should result in improved outcomes.

In previous studies, Dr. Maloney has examined the relationship between temporomandibular disorder and tension-type headache. He has proposed a model through which the relationships among several factors present in tension-type headache patients may be examined.

Dr. Maloney is also examining the etiology of tinnitus and the presence of a relationship between TMD and some forms of tinnitus.

Dr. Maloney has also lectured on atypical odontalgia and the relationship between neuropathic and inflammatory mechanisms of pain in the head, face and neck.

Community Interests

Dr. Maloney is also interested in serving his professional organization. He has been active in the local and the state dental societies. He has served on the legislative committee, the auxiliary relations committee and the executive committee of the Worcester District Dental Society, and the Council on Dental Practice of the Massachusetts Dental Society. Dr. Maloney is actively searching for other opportunities to serve his professional society and the pain management community.
